

CONSISTENCY

Naturally rounded river stones ranging from $\frac{1}{2}$ " to 6", depending on grade. Smooth texture with minimal sharp edges.

Size options include: $\frac{1}{2}$ - $\frac{3}{4}$ "(mini), $\frac{3}{4}$ - $1\frac{1}{2}$ "(Small), $1\frac{1}{2}$ - 3"(Medium), and 3 - 6"(Large) with consistent screening for uniformity.

CLEANLINESS

Washed and sorted to remove fines, dirt, and broken fragments. Free from contaminants and safe for landscape use.

FUNCTIONALITY

Ideal for dry riverbeds, drainage swales, accent borders, water features, and xeriscaping. Durable and low-maintenance. Provides natural erosion control and excellent permeability for runoff management.

VISUAL APPEAL

Rich blend of dusty rose, jade green, russet, tan, and slate gray tones. Polished sheen in smaller sizes enhances color vibrancy. Adds a desert-inspired elegance to any landscape design.
