C-MIX

SPECIFICATION SHEET

CONSISTENCY

Blend of $\frac{3}{4}$ " gravel and concrete sand, uniformly mixed for optimal bonding with cement. Particle size is consistent for predictable compaction and finish.

CLEANLINESS

Screened to remove excess fines and organic debris. Free from clay clumps, trash, or reactive materials that could compromise concrete integrity.

FUNCTIONALITY

Designed for concrete mixing—ideal for footings, slabs, curbs, and small pours. Provides balanced aggregate-to-sand ratio for strength and workability.

CERTIFICATION

Meets general ASTM standards for concrete aggregate blends. Not typically certified for structural concrete unless specified by supplier.

VISUAL APPEAL

Neutral beige to gray tone, suitable for exposed aggregate finishes or utilitarian installs. Not intended for decorative use but blends well in hardscape bases.
